Dear Sir,

NET ASSET BACKING

The Directors advise that the unaudited net asset backing of the company's ordinary shares at 30 September 2002 was \$3.89 (31 August 2002 was \$4.08). The net asset backing calculation is based on investments at market value and is after provision for tax on net realised gains, before tax on unrealised gains and after provision for the final dividend of 8 cents per share to be paid on 9 October 2002.

Australian United Investment Company Limited is a long-term investor and does not intend to dispose of its total portfolio. If estimated tax on unrealised portfolio gains were to be deducted the above asset backing figure would be \$3.55 (31 August 2002 \$3.68).

Yours sincerely,

A J Hancock
Company Secretary
