Dear Sir,

NET ASSET BACKING

The Directors advise that the unaudited net asset backing of the Company's ordinary shares at 31 August 2003 was \$4.14 after provision for the final dividend of 8 cents per share (31 July 2003, \$4.11 before provision for the final dividend). The net asset backing calculation is based on investments at market value and is after provision for tax on net realised gains and before tax on unrealised gains.

Australian United Investment Company Limited is a long-term investor and does not intend disposing of its total portfolio. If estimated tax on unrealised portfolio gains were to be deducted the above asset backing figure would be \$3.71 (31 July 2003, \$3.71).

Yours sincerely,

A J Hancock
Company Secretary
