Dear Sir,

NET ASSET BACKING

The Directors advise that the unaudited net tangible asset backing of the Company's ordinary shares at 31 March 2013 was \$7.71 per share (28 February 2013 \$7.93 per share). The net asset backing calculation is based on investments at market value, is after the tax effect of realised gains and before estimated tax on net unrealised gains/losses.

Australian United Investment Company Limited is a long term investor and does not intend disposing of its total portfolio. However, under current accounting standards the Company is required to provide for estimated tax on any net gains that would arise on such a theoretical disposal. After deducting this provision, the above figure would be \$6.71 (28 February 2013 \$6.84).

A list of the Company's top 25 investments is attached.

Yours sincerely,

A J Hancock
Company Secretary
